

LEAVE NO LEARNER BEHIND. THIS IS HOW ...

TIPS AND TRICKS TO IMPLEMENT INCLUSIVE EDUCATION

2 DAYS

This workshop provides practical, easy to implement ways in which teachers can accommodate ALL learners in their classroom by making just a few small changes in the way they teach and assess.

OUTCOMES

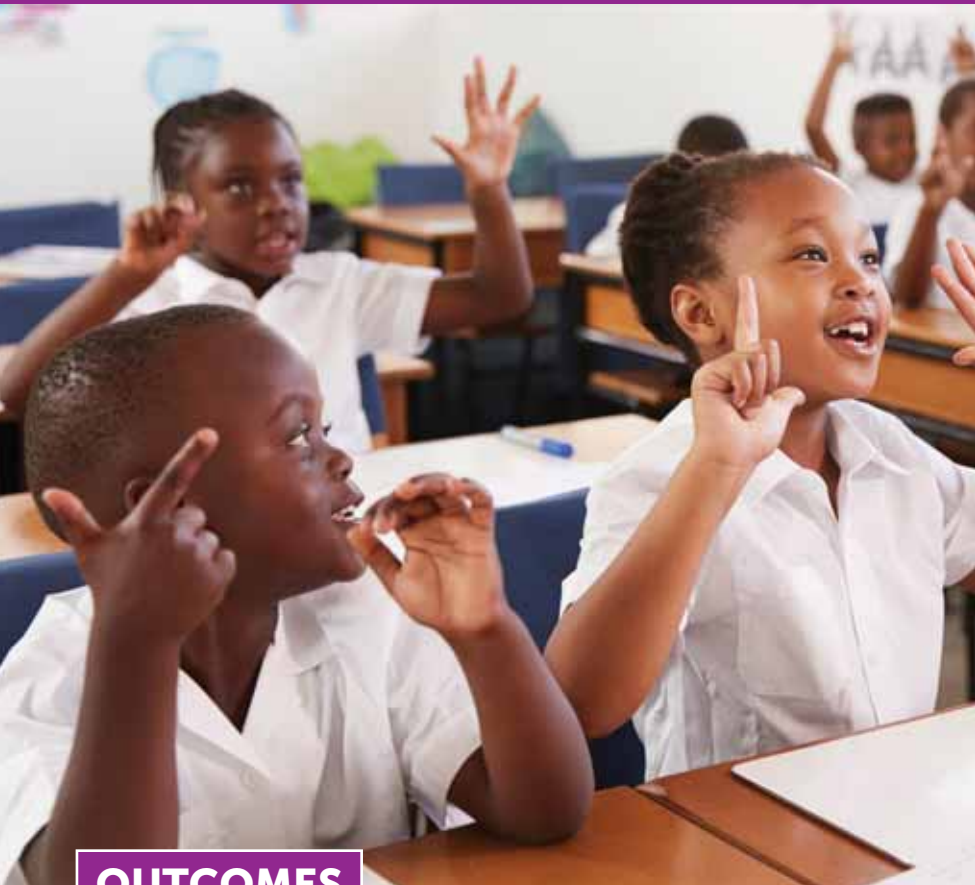

- ✓ Understand that emotion is a part of inclusion
- ✓ Identify the most important elements and building blocks needed to implement inclusive education practices in the classroom
- ✓ Reflect critically on your own perspectives and that of others with regard to inclusion
- ✓ Develop a broad understanding of the critical issues needed to be in place in a classroom within an inclusive education approach
- ✓ Apply the theory provided on inclusive education in the classroom
- ✓ Apply teaching strategies/practices for curriculum differentiation
- ✓ Develop appropriate intervention strategies

USING DIFFERENTIATED TEACHING AND ASSESSMENT IN THE CLASSROOM

1 DAY

This workshop is intended for educationists implementing an inclusive learning programme using a variety of differentiated methodologies, strategies and techniques. They will gain the necessary competence to facilitate a well-structured and varied programme of learning to support all learners including those who experience barriers to learning. This process will enable all learners to participate actively and confidently in the learning process. It provides practical, hands-on ideas that can be adapted for the different levels.

OUTCOMES

- ✓ Review the categories of barriers to learning in the South African context
- ✓ Learn to differentiate your teaching and assessment
- ✓ Create an environment that supports differentiation
- ✓ What you need to know in order to differentiate
- ✓ Tips to differentiate learning content
- ✓ Tips to adapt resources
- ✓ Three steps in planning a differentiated lesson
- ✓ Plan different types of alternative assessment

STRATEGIES TO ASSIST LEARNERS WITH BARRIERS TO READING

HALF DAY

If a learner has not mastered the skill of reading, it will impact their entire life, and their time at school will be frustrating and difficult.

This workshop focuses on strategies that teachers can use to help learners with barriers to learning so as to master and improve their reading and comprehension skills. This will then develop skills that are needed to study for a variety of assessments and learn for understanding.

OUTCOMES

- ✓ Understand the process of learning to read
- ✓ Identify where the learner is in the process
- ✓ Analyse specific concepts of reading where the learner is having difficulty
- ✓ Apply different strategies to assist the learner with barriers to learning to improve their reading abilities
- ✓ Adapt and include different reading and comprehension strategies in your everyday teaching
- ✓ Design and plan fun reading activities for all the learners in your classroom in order to create a love for reading

STRATEGIES FOR INCLUSION IN ASSESSMENT

HALF DAY

This workshop will equip teachers with the knowledge and skills that they require in order to balance promotion requirements and the learner's opportunity to demonstrate their own personal competencies.

OUTCOMES

- ✓ Recognise the importance of inclusion in South African schools
- ✓ Understand and apply the principles of assessment and how they impact an inclusive classroom
- ✓ Determine barriers to learning, level of functioning and participation to determine support needs
- ✓ Develop empathy with learners who have barriers to learning
- ✓ Use various strategies to differentiate assessments for learners with barriers to learning
- ✓ Plan different types of alternative assessment
- ✓ Adapt their class assessment to accommodate learners' various learning modalities
- ✓ Understand the importance of compiling the relevant information for a learner's application for concessions
